Sub :- Training programme on Equipment Management Software – reg:-

The Corporation is managing the equipment procurement & distribution activities through an online software application, Equipment Management System. This software application has also customized for the suppliers of the Corporation, through which the suppliers can able to know

- a) the details of the supply orders issued to them
- b) the details of the preventive maintenance scheduled for the supplied equipment
- c) the details of the complaints/ breakdown calls registered against the supplied equipment
- d) the details of the invoice wise payment status
- e) The details of the agreements, security deposits submitted
- f) etc

The Corporation is planning to conduct a training program for the suppliers on how to track their details through the software application. The online training program details are as follows:

**Date & Time : 05/03/2021, 11.00 AM**

**Meeting ID : 898 5586 7135**

**Passcode : 222376**
