One of the key objectives of the KMSCL is to act as the central procurement agency for all essential drugs including Medical devices and other stores and equipments for the health care institutions (hereinafter referred to as user institutions) under the department. The Corporation has also been entrusted with the setting up and running of all kinds of Modern Medical and Paramedical or medical based ancillary facilities such as hospitals, pathological labs, diagnostic centres, x-ray/scanning facilities, ambulance services etc.
- 1.2. This tender is an e-tender and only on-line bid submission is possible. The e-tender portal (www.etenders.kerala.gov.in) is designed by National Informatics Centre (NIC) and supported by the IT Mission, Kerala.
- 1.3. There is a tendency among some bidders to buy extra time by submitting bids deficit of some documents. Bidders are cautioned that bids devoid of proper documents or adequate information are liable to be rejected summarily. Bids of firms who have furnished all the required documents for the product quoted alone will be considered.
- 1.4. All supplies shall be accompanied with the certificates of analysis from the in-house testing laboratory and NABL Accredited Drugs Testing Laboratory/Central Drug Testing Laboratory in respect of every batch supplied. Supplies devoid such reports will not be taken into stock and payments will not be made. Suppliers will be required to take back the supplies and will be deemed as defaulters in respect of the supply and shall be liable for penalties applicable for non-supplies. This test report or the QC approval will not be deemed as a proof of stability of the product during shelf life. The bidders are cautioned that supply of drugs of inferior quality would attract different penal provisions. It is the onus of the manufacturer and supplier under the Drugs and Cosmetics Act and Rules to produce and supply drugs of standard quality and various measures are prescribed in the law to achieve the object. The Corporation would be testing the drugs and other materials at random at different stages, at discretion, and the supplier

will have the obligation to pay the cost of the goods found to be defective and may also be liable for criminal procedures as may be initiated by the Drugs Control department. The bidder will also be liable for disqualification from the tenders of the Corporation.

- 1.5. Inspections of manufacturing units of bidders prior to acceptance of bid or at any stage before or after award of contract will be at the discretion of the Corporation. The track record of the bidder in the field of institution supplies shall also be verified. Report of non compliance of GMP norms specified under Schedule M of the Drugs and Cosmetics Rules will lead to the disqualification of the firm, even if the firms are holding valid cGMP certificates issued by the Drugs Control Administration of the respective State.
- 1.6. Amendments in the terms and conditions of the Tender Document may be necessitated before the opening of Technical Bid on the basis of feedbacks obtained and on expert advice on the feedbacks.
- 1.7. Since the drugs procured are meant for treatment of precious human life in Government hospitals, depended by the poor and downtrodden of the society, it is our endeavor to ensure that only quality drugs are procured and supplied. In order to ensure the quality of the drugs supplied by the firms during the course of the tender period, multiple samples of the same batch will be forwarded to different empanelled laboratories. There will also be in-house quality inspection at all warehouses. The Corporation attaches paramount importance to the quality of drugs supplied and will not compromise. It is to be mentioned that short-supplies/ delayed supplies etc are matters that involve penalties and payments will be delayed and reduced to the extent the penalties may necessitate. Suppliers are therefore in their own interest, the interests of the Corporation and the general interests of the user departments/ institutions and public to make timely supplies complying with all specifications of quality including packaging and quantity.

If on testing in the laboratory or other verifications the drug is found to be of inferior quality or not complying with the parameters of quality including packaging or any of the provisions of the law the drug supplied will be refused and the supplier will be liable to repay the amount paid and make good the other losses as may be applicable.

- 1.8. Where any drug is found to be Not of standard quality or misbranded or adulterated or spurious or otherwise contravenes the provisions of the

Drugs and Cosmetics Act or Rules, the payments for the entire supply of the batch(s) concerned will be withheld or recovered. However, if the Tender Inviting Authority finds the supplier to be an unreliable party by virtue of the violations of the law or of the contract as the case may be, the TIA may terminate the contract and also may black list the supplier. Apart from the tests mentioned in the official monographs, additional tests like friability and hardness of the tablets, leak test for primary packing of the products, freedom from pathogenic organisms etc will be conducted as drug safety depends upon total quality compliance. The suppliers shall be solely responsible for ensuring the quality of the item during transportation and shelf-life. The packaging drugs used for primary and secondary packaging shall be of such nature that the quality of the drug contained is preserved throughout its life period. The storage requirements stated on the labels shall be in accordance with the provisions of the Drugs and Cosmetics Rules only and prescribing cool or cold storage for drugs in respect of which no such stipulation is made in the law will not be acceptable. Quality Assurance goes together with Quality Control and it is the onus of the bidder to ensure not only proper quality control but also total quality assurance.

- 1.9. The money spent by the Corporation is public money and hence accountable. All decisions will be published from time to time on our website www.kmscl.kerala.gov.in. Bidders could prefer appeal to the Government against all decisions of the Corporation.
